Progress in Sports

With a new state-of-the-art track facility, a luxurious new swimming pool, a first-rate weightroom, and improvements to the gymnasium, Camden Military Academy possesses enviable accommodations for competitive sports. Moreover, the teams that CMA fields are worthy of the facilities that house them. During the last ten years, the Spartan football team has won seven conference titles; the basketball team. We field highly competitive teams in baseball, soccer, golf, tennis, track, cross-country, and wrestling--and swimming is in the future. CMA teams play with pride and intensity. That is our heritage.

Outstanding forward Tee Ferguson drives in hard for a lay-up.
