

Band & Staff Company

To Be the Best

To become Honor Company is always a goal for Band and Staff Company, but they focus on the whole picture. They want to be the best in drill, in academics, and in athletic participation. "We are tops in academics," says CPT Brandon Johnson, CO. "We emphasize studying and maintain a quiet environment for the cadets." He also observes that B&S has the lowest number on the pad and that there is high participation in all sports. "We make our expectations clear," he adds, "and our cadets respond." Both CPT Johnson, XO 1LT Daniel Benton, and 1SG Adam Byerly credit their tactical officers for company success: "SGM Greene is a great asset to our company, and we also get valuable help from Coach Dority." Band and Staff cadets set positive goals and are accomplishing them.
