

# Neil Gareth Hartze

Neil, on the day that you were born and the nurses placed you in my arms, I loved you and realized just how perfect and special you were. I realize just how difficult the past four years have been for you. I am so very proud of you and all that you have accomplished at CMA. Continue to work hard and apply yourself. Dream, plan, and set goals, for you and you alone hold the ticket to your future. May all your hopes and dreams come true. I only wish you much love, happiness, and success in the coming years. I love you, Neil, with all my heart.

My love forever,  
Mummy
