

B Company

Sharp and Sharper

Scarborough Barracks, the new home of Bravo Company, was formally dedicated to Mr. J. Banks Scarborough during Homecoming this year. Mr. Scarborough is Chairman of the Board of Trustees and CMA's leading supporter. After a year of use, the barracks still looks brand new, a tribute to CSM Irtenkauf, tactical officer, the chain of command, and all the cadets of B Company. "Of course, we would like to win Honor Company," said CPT Zachery Butler, company commander, "but regardless of how that turns out, we want to look sharp at all times. We try to teach the new cadets how to act and wear their uniforms." While military drill is high on Bravo's list, they still emphasize academic performance. Study halls begin with all cadets standing at attention outside their rooms with their planners open for inspection. B Company maintains its high standards year in and year out.
