To have commitment, character, and courage was the challenge the coaches issued to the prospective JV football players who reported in August. Only a handful of players were able to live up to this challenge daily, but their efforts led to two big wins over archrival Christ School. The team's other two games were a close loss to 3-A power Camden High School's 9th grade team and a loss at Charlotte Country Day. The glue that held the team together this year was its three most valuable players: Ryan Hayden, defense; Thomas Tannenbaum, offense; and TDJ Owens, special teams.
