## The First and Best

In its fourth year of existence, Delta Company has earned a respected place for itself in the battalion. No longer the newcomer, Delta was Honor Company both semesters last year and is the company to beat in 2004. "We are going to continue to build on the esprit de corps, morale, and discipline that we have become known for," observed CSM Samuel Colter, tactical officer. Delta rates high in SMIs, GPAs, and athletic participation. Company Commander Jay Mungo expressed the competitive spirit of Delta: "We are the best there is, the best there was, and the best there ever will be." The company's main goals for the remainder of the year are to retain the Honor Company title and achieve outstanding academics.
