

Timothy Leftwich, Jr.

When we sent you to CMA, we were not sure how it would be: no mother to cook and clean for you and no father to help with your daily trials. Now, three years later, we beam with pride over the boy we sent there and the man who is leaving. We have always known how special you are, and we are so happy with the way you have represented yourself and your family. Thank you for doing such an outstanding job! Please do not be sad if you see a few tears as you leave CMA, for they are precious tears of pride and joy as we close one door and open another. You are one heck of a success story in every way. Can't wait for the future!

With love,
Your favorite admirers,
Your family
