## The Military Tradition

The South Carolina State Legislature has designated Camden Military the Military Academy of South Carolina. The State of South Carolina has a long military tradition extending back to early colonial days when it was divided into military districts, each headed by a captain, for defense against hostile Indians and Spanish incursions from the south. Military training and education have always been important in South Carolina. Continuing that proud tradition, Camden Military Academy has established itself as the leading military secondary school in the United States. Our reputation attracts students from all over the nation and many parts of the world. For over thirty years our JROTC Unit has been graded an "Honor Unit with Distinction" by the United States Army. We graduate young men prepared to succeed in a highly competitive environment. Our alumni are leaders in every stratum of society. Military education is an important complement to the classroom, instilling discipline, order, teamwork, and self-respect. It completes the molding of the whole man.
