**Athletic Director Will Rice**

"We have a very high percentage of cadet participation in our athletic programs," said Coach Rice, "and that, overall, is one of our main goals. Of course we want to win, and that is always our plan. We develop very competitive teams that play hard every time we take to the field or the court, and our opponents know it. We also want to teach the lessons of life that only sports can teach young men: how to work together to achieve a common goal, how to persevere and overcome adversity, and how to deal with both winning and losing. I can't remember when we have had a really bad year in athletics. Our football team had a winning season this year, and all our other teams appear to be competitive. We want our young men to enjoy playing for CMA, and I believe that they do."
