

## JV Football

Many opposing coaches complimented the committed, courageous JV Spartans who played bigger teams tough week after week. They were in the game until the very end against the always strong Camden High team. All players participated in every game, and each one received a certificate reading, "It is not the winning, but the trying that builds character; no one achieves anything without overcoming adversity." Team captains Conrad Frederick, David Rodgers, and Chris Zemba earned Coach's awards for their hard work and supporting Coach Horn's policies. "Player-Coach" Mark Aylward was given a special award for being pound for pound the toughest and most fundamentally sound player.

## Middle School Football

The Middle School Spartans played only three games this year, but they feel that they had a successful season. "We wanted to play hard, be competitive in every game, and concentrate on learning the fundamentals of football," said Coach Johnson. The highlight of the season was the game against Summit in Winston-Salem, NC. The Spartans lost narrowly, but they played well, fighting all the way. Outstanding players this year were quarterback Michael Robinson, fullback Sonny Patel, and wide receivers Bernard Chalmers and Taylor Clinker. All players made important contributions to the team's success.
