

# Track

This year CMA hosted major track meets involving over a half-dozen teams. The Spartans made sound progress, particularly in the shot put, discus, and distance events. David Allen, MVP, was the fastest sprinter and the best high jumper. Josh Killen, Coach's Award, was the backbone of the sprinters, and Ed Meise, co-winner, was the mainstay of the distance runners. Josh Burnette, shot putter, was the Most Improved participant. Matt Norman added strength in both shot put and discus events. The Spartans did not put any spectacular records into the books this season, but they established a firm foundation based on teamwork.

# Lacrosse

Spartan goals this year were to grow interest and participation in lacrosse. We had many more boys come out for the team this year, including some that had played two years ago but not last year. John Hayes and John Hough played hard at midfield, and Carter Langlo, Ryan Gastrich, and Michael Wilson anchored the defense. Goalie Paul Lukas was the best the team has had in three years. Award winners were John Hayes, MVP; Logan Rostmeyer, Coach's Award; and John Hough, MIP. John Hayes and John Hough made the SC Western Division All-Star Team, and Carter Langlo was Second Team All-State.
