

# Middle School Basketball

The Middle School Basketball Team really came together and played their best ball from mid-season forward. "Our players learned teamwork, how sharing the ball and passing to the open man can result in victories," said Coach Drakeford. Team efforts produced four wins altogether. The Spartans lost to a tough Timmerman School five by only 2 points in a hard-fought contest. They really showed their teamwork when they won an equally tough game against a talented Richard Winn team. High scorers for the season were Quick and Barker. Barber and Keeler were outstanding on defense. All Spartans made important contributions to a successful 2006 campaign. "We're building CMA players for the future," Coach Drakeford observed. "The experience they get now will reap dividends in years to come."
