Academic Success

Camden Military Academy's overall goal is to produce students who can succeed in college studies, in other post-secondary pursuits, and in meeting the usual challenges of life. To accomplish this goal, we mix the latest technology with proven traditional methods: small classes, highly qualified teachers, and monitored study halls. We continuously evaluate our curriculum to determine the most effective ways to help our young men learn.

Future Businessmen: Students in Major Horn's economics class make their initial bids in the stock market simulation competition.
