

David A. Rodgers

David, there were eight children in my family. Therefore, I only wanted one child. I asked God to send me a son, handsome and intelligent, and here you are. Intelligent is the key. You were a very inquisitive baby. You walked at 9 months. Talked clearly at one year. Potty trained totally by 14 months. You are and always will be an expedient person. You were born to be a great leader. Put God first, allow Him to lead you. Most of all, be wise enough to follow His commands. No one has ever or will ever touch my heart the way you have. I love you and I'm very proud of you.

Love always,
Mom!!
