Jordan Ilbrink makes the
catch for the score.

This year, head coach Will Rice had only one returning starter and a lot of inexperienced players which showed in the early season. All of the coaches set mutual goals going into the season and were pleased throughout with the team's progress. As the players developed more experience, performance improved sufficiently for the team to finish the season with a winning 4-2 record. The players played and practiced hard throughout. Coach Rice says he is proud foremost of the way the team played and worked together in addition to their other individual accomplishments.

Above: Robert Weston runs the ball back for a touchdown.
