

JV Football

The J.V. football coaches set some goals before the season started this year. The first goal was for the young men to have some fun at football. The second goal was to win some ball games and the third goal was to prepare these young men for competition at the varsity level. In all aspects of life one needs a plan to be successful.

The first goal of having fun playing football was not always easy, but we, as coaches, felt like this goal was accomplished. On the last day of practice, before the last game of the season, our players did not want to leave the field. They were really enjoying the day of hitting and did not want it to end.

It has been a few years since our J.V. team won a game. This year we tasted victory and it helped make our season a success. The last goal of preparing these players for next year's varsity was also attained, although difficult to do in one year. After our season ended, several of our players were sent up to the varsity to help them with their last few games.

The coaches really enjoyed the season and the success these players had this year.

Winning Awards this season were Most Valuable Offensive Player, Louis Cassety; Most Valuable Defensive Player, Garrett Sisler; Most Improved Player, Ray Volpe. The Coaches Award went to Tom Michalk.
