

Since 1954, FCA has been challenging athletes and coaches at every level to use the powerful medium of athletics to impact the world for Jesus Christ. FCA is the largest interdenominational, school-based, Christian sports ministry in America, reaching over 1.5 million people annually. It provides a positive peer group as an alternative to the negative pressures so prevalent in schools today. FCA is also a vehicle for teammates to influence others with the Gospel of Jesus Christ and to offer a different lifestyle to the worldly ways often found on our campuses and in sports today. This year's speaker was Scott Pilkington of New Life Church of God located in Orlando, Florida. The music was provided by Herb and Danielle Moon.
