

# Civil Air Patrol

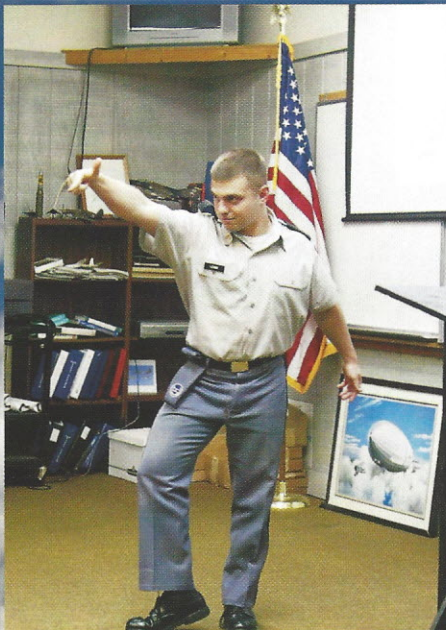

The Civil Air Patrol is a civilian auxiliary of the United States Air Force. Today, the duties of the C.A.P. include homeland security, participating in search and rescue operations, and, in some situations, serving as emergency couriers (e.g. organ deliveries). In order to advance in the ranks, a junior member of C.A.P. must be tested both physically, as well as in written examinations. LTC Melberg founded and leads Camden's Squadron SC805. Major DeCandia is a retired USMC pilot, a certified C.A.P. pilot and teaches about aeronautics and aerodynamics. Captain Cills serves as the Safety Officer for the squadron.
