

THE MILITARY DEPARTMENT

The Academy enjoys the reputation of being one of the leading military secondary schools in the United States. Our cadets come from many parts of the world, and we are well known in those places from which they come. We are justly proud of our strong military tradition. Our JROTC unit has been designated "Honor Unit with Distinction." As generations of successful Camden-Carlisle men attest, military education is a vital component in the Camden Experience. It will continue to be a valuable complement to the classroom, instilling discipline, order, teamwork, and self-respect. It is the ingredient that completes the molding of the whole man.
