The 2013 JV Football team has continued to do great things at Camden Military Academy in spite of many challenges. During the beginning of the year, the team did not have many players from last year. Even though that was the case, the JV team still played with tenacity, enthusiasm, and diligence. The JV team might not have done as well as they should, but they have acquired a sportsmanship that will help them soon into a great 2014 season!
