

Winter Sports Banquet

"During the winter sports season at Camden Military, more than 65 cadets participated in either basketball or wrestling. The season was filled with life lessons for our athletes as well as our coaching staffs. Together, they learned hard work and teamwork can bring a group together. Every team continuously improved during the course of their season, and each team was significantly better at the end of the season. The wrestling team had the best record of the winter sports season. All of our athletes displayed great sportsmanship all winter. "

Coach Will Rice
