

FINE ARTS

Mrs. Alice Thaxton's art appreciation class played a very special role in the fabulous production of the Tell Tale Heart presented by LTC Deborah Yarborough's drama class. The art appreciation class was responsible for making the stage and actors look good! They created costumes, worked on music and lighting, and found and made various props to create the desired ambience. The art class had a wonderful time supporting the endeavors of the drama class!

The drama class expanded the script of Tell Tale Heart and it was extremely funny. The actors were excellent and made the play very believable. The audience was enthralled with the special additions to the play and it was enjoyed thoroughly by everyone attending.
