## Excalibur Staff

2014

### Epilogue

*In creating the 2014 Excalibur, the staff has attempted to do more than to produce "just another yearbook." We realize that you, as an individual cadet, have a most important part in making Camden what it is, in writing its history, in developing its traditions. People and events recorded herein will have an influence on the Camden of the future and on the man you will be in years to come.*

*It is, then, our fond hope that this book will effectively record the people and events of an important year of your life, and in the distant future, serve as a means whereby you can turn back the passage of time, to relive and recapture those memories which will then be so dear to you.*

The 2014 Excalibur Staff
