

"This year's soccer season meant something special to me. It was my last chance to play high school soccer. My goal this year was to teach the underclassmen how to lead the team next year. I was really proud of the team and our performance for the year, with a record of 13-3. I also wanted to be able to look back on the season with no regrets and that's exactly what I did. I'm going to miss my teammates and my favorite coach, MSG Hewitt." Jake Harper of

Blythewood, South Carolina

just another goal

Spartans enjoy another successful season.

1. Michael Moses tracks down his opponent.
2. Max Zaslower traps the ball out of the air.
3. Jacob McGuire waits for the ball to come to his side of the field.

4. Jake Harper shoots the ball down fiercely.
5. The team surrounds the opponent and the ball.

Our goal in 2014, was to have a higher winning percentage than any other private school in the state. With four matches remaining I feel that if we win three out of four this goal will be accomplished. This will be the 7th time in ten years that we met this goal.

One of our greatest highlights of the season was beating one of the best 4A schools in the state 2-1.

Jacob Harper is the best purest scorer ever to play for CMA. He is so much fun to watch. He will be missed next year. Luke Earnheart has shut down the middle on the defense. It's the first time I ever can remember one player making no mistakes the entire season. Paul Kleiber did a great job as our goalkeeper.

These young men became a team. Watching them mature as the season progressed was very rewarding.
