We train hard for soccer season every year. There is always someone out on the field shooting the ball around. There is no feeling more satisfying than the moment we step foot on the field and have all the hard work pay off. But what makes this group of players a team is that even on the bad days when the hard work pays off the least, we still go on, as a team. Santiago Villalobos of Sao Paulo-Brazil

With only two returning players, CMA JV Soccer team's main goal was to rebuild and develop the new young players. Not only was that goal accomplished, but surpassed to make this season another winning one for the JV booters.

"Our record this season speaks for itself", says Coach Ferjani. We played 8 games, won 5, tied 2 and had only 1 loss. With such a record, CMA JV soccer team continues the legacy of winning games and outscoring. Ramsbey Skyler and Bristow Tristan, the only 2 returning players and this season's team's captains, anchored the defense and kept opponents at bay. King Kieland earned the first spot at the goal as the team's goal keeper and kept an outstanding record. Villalobos proved to be an effective midfielder and a play maker; he scored 3 goals this season. Young Brandon Sammons was the team's most lethal weapon up front, scoring the most goals for his team with 6 goals.
