

CMA Tennis was a unique experience to me because of the disadvantages we faced. Our hardships gave each of us inspiration to push the extra mile, which made every victory taste that much sweeter. I enjoyed making new friends while at the same time improving at a sport that I've always wanted to pick up. Learning skills and techniques from two of Camden's greatest tennis players inspired me to play my best at every match.

Devin Larsen of Naples, Florida

1. Cole Mathis is ready to serve.
2. Senior Simon Falk stays calm and composed during his matches.
3. Nick "that's not a Lacrosse stick."

4. CMA takes the double match.
5. A few of the team members take a break to enjoy the court.

Talk with your raquet, play with your heart

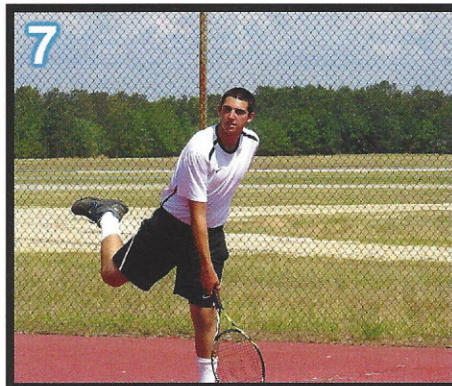

The Team goal at the beginning of the season was to teach fundamentals to complete beginners of the sport which was very successful. Larsen, Schulkin, Falk and Mathis all became accomplished players for their level.

One of the highlights of the season was Schulkin's narrow (3rd set tiebreaker) win over Will Cox of Heathwood. Another was Falk's 3rd set tiebreaker win over Heathwood. This was a season of learning. A very successful one.
