# Middle School Football

Young Spartans mature into winners.

The Junior High Football team at Camden Military School has players from the 7th and 8th grade cadets. Since the team was developing, the whole purpose was to expose the players to the game of football and compete with area teams in four scheduled games. This past season, the team played North Central Middle School in Kershaw, Lewisville Middle School, and P.A.C. in Columbia, South Carolina. Coach Reeder, the Junior High Football team Coach, stated that the goal of the team was to learn the skill set necessary to compete both offensively and defensively. As a result, the offense scored three touchdowns over the course of the season and the defense improved in each game played. Two of the highlights of the season were the scoring of two touchdowns in a game against North Central Middle School and the defensive highlight was the team's overall play against P.A.C. in Columbia, SC. Some of the outstanding players for this season were: Kingsley Raitt-Eguakun (quarterback), Alexander Tate (tailback), Hudson Huckfeldt (Cornerback), Chase Roebuck (End), Braeden Handley (Lineman) and Johnny Slick (Lineman) MVP-Kingsley Raitt-Eguakun of Jacksonville, Florida.
