Life School Story

Director of Athletics, LTC Will Rice

"We have a very high percentage of cadet participation in our athletic programs, and that, overall, is our main goal. Of course, we want to win, and that is always our plan. We develop very competitive teams. We play hard every time we take to the field or court, and our opponents know that. We also want to teach the lessons of life that only sports can teach young men: how to work together to achieve a common goal, how to persevere and overcome adversity, and how to deal with both winning and losing." - Coach Rice
