

Middle School Basketball

"This was the best season I've had coaching."

"Team goals this year were to learn the fundamentals of the game, understand your role on the team, and work hard everyday.

These goals were accomplished this year more than for any other year I've coached. The season highlight was watching the team improve every game. Though we didn't win a game, we competed hard and gave a lot of teams our best effort."

-Coach Beckham

Offense MVP:
