

My senior year of wrestling has been an emotional journey. Even though I was struggling with a broken hand and an injury to my ankle, my love for this sport put the beast out on the mat. I am blessed to share tears of joy and sweat on the mat with my boys.

Alex Newton, Gainesville, Florida

Sports WINTER Banquet

The winter sports banquet was a lot of fun. Our families got to come and hear the coaches brag about how well we played. It was a really great time.

Lettering in two varsity winter sports was a big moment for me, and I'm glad my fellow cadets could be there to congratulate me. Noah Woody of Rock Hill, South Carolina

I really liked the winter sports banquet because it was a chance to get off campus and have a good time. I got to look back on the sports I played in the winter season and was grateful for the opportunity. Daniel Carter of Charlotte, North Carolina
