

Washington

I find the Washington D.C trip to be one of the most enjoyable and informative trips that we take here at Camden Military Academy. This year was my second time going on it, and I was a little worried the trip would be bland, as they would take us to the same places they did last year. However, I couldn't have been more wrong. This year's trip was kept fun and exciting due to the new activities and new places we got to visit. Instead of just walking around the Washington Monument, we were able to go in it. Instead of a hockey game, we attended a basketball game, and instead of just walking around Arlington National Cemetery, we were guided around by our Commandant, a former member of the Honor Guard! Needless to say, if you are planning on signing up for a trip, this one is a must for cadets of all ages.
