Winter Jam 2016

"My friends and I sang to the music with happiness."
Ryan Palumbo of Westport, Connecticut

"My experience at Winter Jam was amazing. I'm not the type of person that listens to Christian music, but the way they performed it actually made me want to listen to it -- it was truly inspirational when I got to listen about God in a way I could enjoy. And the energy of the crowd was amazing. The people there were so nice and made the experience ten times better."

"Winter Jam was an amazing experience! Colonel Heflin took us to the Colonial Life Arena in Columbia. We saw a great performance of famous artists singing about their faith. The best part was when the stage went dark and the entire room was lit up by everyone's phone flashlights."
