

personal moments

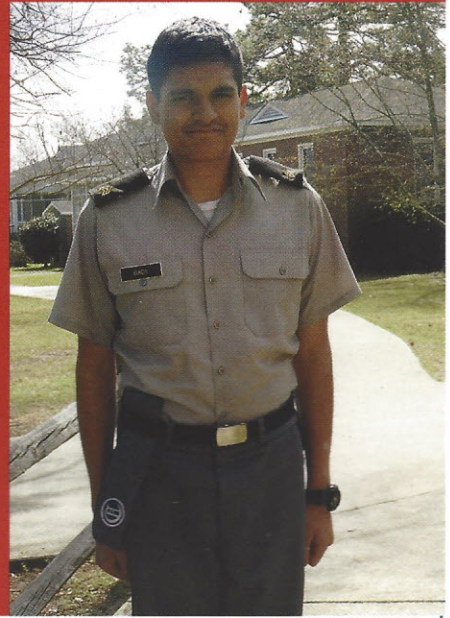

"The thing that comes to mind as my most memorable experience this year was when hurricane Matthew came through. I was on duty that day and for safety reasons we were told to stay in the barracks until lunch so later on we had everyone staying in their rooms just waiting for the storm to pass. All the COC were in the middle of the hallway just hanging out and playing cards since the power was off at the time. We later on went to everyone's room looking for power strips because some people had power in their rooms so what we did was we connected about 30 power strips together all across the hallway to give everyone power to each other."

Matthew Rush
(Lexington, South Carolina)

"Going to Medieval Times in the beginning of the year was one of the most nostalgic and memorable moments I've ever had in CMA, simply because I've been there before with my family, and I absolutely loved the thrill of the fight. I could clearly remember sitting near the front row while watching knights mount their horses and battle against each other. In addition to going to Medieval Times, I also went to an arcade where they had multiple racetracks for go-karts. I absolutely enjoyed my time there and if I was given the opportunity to go again, I definitely would, no doubt."
