

Class of 2021

personal moments

"The most memorable time I've had at CMA was when we had the Spartan Challenge. We had several activities to do. We had a challenge to build a raft and paddle across the school pool. My favorite place at school is the pool and the Carlisle House. In the spring and fall, I swim all day. In the winter, I go to the Carlisle House to buy food and play pool and ping pong."

Nicholas Wilson
(Chesapeake, Virginia)

"My most memorable time at CMA was my first two weeks. We had the certification process which is the time to get used to the new environment. It was also the time I met people I would soon be friends with. I liked it because I met my friend McNicoll and Zengerle. I met a lot of new friends during those two weeks which will make my school year the best."
