

"Charlie Company has been Honor Company for the past four years. We've always believed that no one could touch us and we could never be outdone. Our leadership consists of our head TAC officer 1SG Collins and along his side, the recently joined CSM Mcrae. 1SG Collins is the best father figure to have, and I know I speak for the whole company. He'll always have Charlie Company cadets' backs and give guidance to those struggling from other companies. As long as 1SG Collins is here, Charlie will always be on top."
