"The team goals were pretty much the same from the year before: improve on skills and knowledge of basketball to compete every day. As a whole, this was the most competitive group that I have coached. The highlights of the season were that we won two games. I can't stress enough how competitive this team was. Even the games we lost were played with a lot of passion. Our outstanding players were Craig Comrie, Sam Lawing, and Cameron Cowdrey. Craig could take over a game by either his offensive or his defensive end. Sam brought a ton of energy everyday to practice and games. Our kids feed off his energy. Cameron improved the most out of any player I have coached. He was our best rebounder towards the end of the season."

Coach Griff Beckham

"Basketball is a very good, tiring, and tough sport. Our season was good and we were very glad to win two games. We played many other good teams."
