

that

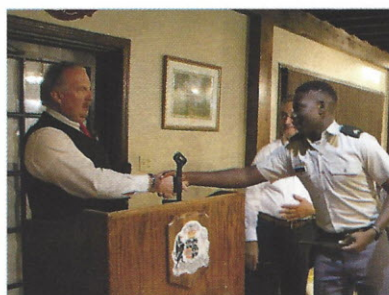

moment when

"I was honored to receive the Practice Player of The Year for the 2016 football season. I learned lots of new things from the many wise coaches such as being a team. As the seasons came to an end, we all got to come together and enjoy a nice dinner at the banquet."

Grant Johnson
(Las Vegas, Nevada)

"It was a fun experience traveling to the different schools and running at all the different courses. Chicken wings were definitely the best way to end the season. I hope I can run again next year."

Niles Leach
(Tonasket, Washington)

"To be honest, this was the most fun, fast-paced, and most memorable football season I've ever had. I was pushed and held to an expectation that made me a team leader. I definitely think football was a sport made for me."

Stefon Aaron
(Charlotte, North Carolina)
