

"This year's homecoming was fantastic! Each year there is a homecoming football game for Parents, Alumni and Cadets to enjoy. There was a Marchon and Parade in honor of the Alumni as well. There were concessions at the game and the Spartans played very well! It was really exciting cheering them on and they continued to have a great season. Every year alumni visit Camden Military Academy for the Homecoming football game and parade. I got to see a little over a dozen of my friends who graduated the years before and we talked a lot about what they were doing now and how their summer was. Homecoming was a great experience for everyone, I had an amazing time seeing my friends again and next year I plan on visiting for homecoming, too!"

Alexander Ranft
(Lexington, Kentucky)

"Homecoming this year was a fun first time. I was on the Color Guard so we had 'front row seats' to the parade. The best thing after the parade and march-on was watching the football game with my friends."

Josiah Fredericks
(Parker, Colorado)
