

Cadet Trips

Washington, DC

"Every year that I've been to Camden Military Academy it is always my first choice to go on to the Washington, D.C. trip, and this year, the trip was exceptional. My favorite part of the DC trip this year was visiting the Ford's Theater. At the theater I learned the whole process of how Wilkes Booth assassinated Abraham Lincoln. CMA also visited many other museums and monuments that all left us feeling smarter. My friend Amadou's hands got so cold in excitement"
