

National History Day Regional Competition

Columbia, South Carolina

In March 13th, I went along with the three NHD groups, other individual competitors, to the regional National History Day competition. I spent a lot of time with each of the three groups to help them with my past 2 years of experience in a NHD group performance. It was great seeing other performances from the outside for the first time, and I was very happy to see 2 of the 3 groups move on to the South Carolina state competition. LTC Heflin has been an amazing help to NHD, and was happy to see 2 out of 3 groups advance. We all hope they win states to attend nationals like the groups I have been in have gone to for the past 2 years, and LTC Heflin has been in charge of the groups to go to nationals for more than 10 years out of 15 years."
