

Kershaw County Special Olympics

"Let me win. But if I cannot win, let me be brave in the attempt."

On Friday, April 21, 2017, Camden Military Academy hosted the annual Kershaw County Special Olympics. The Special Olympics is an athletic competition for children and adults with intellectual disabilities. Founded in 1968 by Eunice Kennedy Shriver, the Special Olympics provided opportunities for intellectually disabled athletes worldwide to learn, excel, and shine.

In Kershaw County, more than 200 athletes from both the Kershaw County School District and the Kershaw County Board of Disabilities and Special Needs participated in the event this year. Over 50 cadets and members of Junior Leadership volunteered for this event.

From the torch run to the awards ceremony, the Special Olympics remains a tremendous example of strong community spirit.
