"I like soccer because it gives you the opportunity to work as a team and make friends."

"There were many great moments that happened this year, but there is one that really sticks out. This year was my first year ever of playing in my life. I didn't think I was any good either. But when our first game came around, I couldn't play because I had the flu. I got better just in time for the second game. We got to the opposing school, and we just warmed up. Coach started calling positions for starters. That's when coach said my name! I was a starter for the rest of the season. That's my most memorable moment."
