"When I came to CMA, I got interested in one sport: Track and Field. I talked to the coaches of that season and they showed me how to throw the discus. Now, my first and second seasons weren't the best, but my junior year was when it kicked off. I started being able to throw in the high 90s and even 100 foot range! The best throw I had was 108 ft. Though I wasn't the best, I learned a lot and loved all the seasons." - Colby Johnson (Newnan, Georgia)

"My favorite part of the track season was going to practice every day and helping the kids learn how to do certain events. Seeing cadets like Hall or Perpignand finding themselves being able to do something they never thought was possible, is what makes the season worthwhile." Alex Beasley (Atlanta, Georgia)
