

MLK Jr. Day 2018

Chaplain Hunter
CMA's Chaplain Hunter Introduces the keynote speaker.

Dr. Martin Luther King, Jr.'s dream of a nation where justice and freedom prevail continues to inspire us today. To celebrate his life and legacy, Camden Military Academy commemorated Dr. King's birthday in CMA's Chapel by inviting keynote speaker Ricardo Priester--both a former cadet and basketball coach at CMA during 1990s. Mr. Priester captured the spirit of Dr. King's life by telling his own story of how he was able to achieve his dream of playing professional basketball only by virtue of these three fundamentals: hope, faith, and work. Because having a dream is the easy part, Mr. Priester inspired cadets to embrace life's challenges and adversities as opportunities for them to grow, thrive, and succeed.
