EPILOGUE

The Class of 2018 is coming to a close of its second education. Throughout high school we have molded our characters through our efforts in class and extra-curricular activities. From our experiences we have absorbed, formed and used them in a way corresponding to the times.

In the same manner also we have attempted to publish a yearbook which corresponds to an era of multi-orbital space, lights, miracle drugs, and world peace forums. We have sought to modernize and simplify without sacrificing the purpose of its volume.

It is the hope of the Class of 2018 that this annual will serve its reader as a reminder of the period of his life in which he formed his future.
