

Fellowship of Christian Athletes Retreat (Garden City, South Carolina)

"I think FCA is a very powerful and life-changing experience. I met many new people and got closer to God over the weekend. My favorite parts were playing in the competitions and attending the church service on Saturday. Many lives were changed over the weekend. What a way to get closer to God and to make new friends."- **Kyler McCaskill, Camden, South Carolina**

"The FCA weekend was something I needed . . . it really changed my perspective on Jesus; before I saw him as an Idea, but now I see Him as an actual person and someone I can talk to and trust. During the second night, I recommitted myself to God, I saw his presence in that chapel--through others around me and myself. This trip exceeded my expectations from a spiritual, emotional, and physical aspect.."- **Sam Frosolid, West Chicago, Illinois**

"I love the FCA trip and made some awesome friends. The competitions brought us together as brothers and the sermons were so powerful. On March 24, 2018, I committed my life to Christ. It was an awesome experience."- **William Murphy, Savannah, Georgia**
