## faces in the crowd

"This year's track season was the best since I've been here at CMA. This year we did not expect to win many races due to our lack of sprinters, but it turned out that our mid distance, long distance, and field competitors were outstanding. My favorite track meet was the one in which we dominated, at our Orangeburg meet. During this track meet our team was able to get 106 points while the closest team to us had 54 points. Next year I will not be on the track team because I am graduating; however, I expect the track team to continue in its greatness and keep winning events."

Yohann Offredo  
(Westport, Connecticut)

The team goals at the beginning of the season were to work hard every day, get better each week, promote good sportsmanship, and be competitive. I am proud to say that we accomplished ALL of these goals. Some of our competitors failed to place in the top 6 in the beginning of the season, but by the middle and end of the season they were placing regularly and also finishing in first place many times. I witnessed our own team members cheering on their teammates in a show of support and sportsmanship. I am very proud of the hard work exhibited by our team. There were several highlights this season, but some of the biggest were watching our team defeat several large schools... teams we were not supposed to be very competitive against. Another highlight was watching our team get better as the season continued. The overall attitude of the entire team all year was outstanding. Overall our team defeated 13 schools and lost to 3 schools. We had multiple team members who proved to be exceptional this season: Cadets Offredo, Peters, and Dekle stood out among all members as they all placed in the top tier at every track meet with several first-place finishes. The **Coaches Award** went to Mikael Barker (Carlsbad, California); the **MVP Field** to Judson Dekle (Martinez, Georgia); and the **MVP** to Yohann Offredo (Westport, Connecticut)
