

THE PALMETTO

OSCAR WILLIAM LEVER
Blythewood, S. C.

*"Charm strikes the sight;
But merit wins the soul."*

Entered September, 1920; Assistant Editor-in-Chief "The Carlisle Bugle"; Member the Carlisle Band; First Critic and President Sheridan Literary Society; Delegate to Y. M. C. A. Conference, Sumter, S. C.; Class Football; Business Manager "The Palmetto"; Treasurer Richland County Club; Vice-President Bill Club; Secretary Y. M. C. A.; Member Athletic Council; Class Poet.

Oscar William Lever, better known among certain lady friends as "Pat", hails from a section of the state known as Richland County and this section is claimed to be the garden spot of the world by some uninformed persons. Our friend "Hog" arrived on the campus in September of 1920, but his condition of "rathood" has in no way debarred him from the privileges and dignity of being a Senior. He has entered several of the various campus activities and problem after problem has been hurled aside by his titanic intellect.

There is no doubt as to "Hog's" popularity with his fellow students, and if we are to judge from the daily pile of letters that come to him, he is equally as popular with the sex not commonly met with on the campus. This same popularity will follow Lever throughout his future years and will bring to him success and happiness—this is our prediction, and time will prove that we are prophets true.
