

MAJOR JAMES M. GRIMES  
*Commandant of Cadets*

# FACULTY

Complete education, more thorough program of activities for the cadets, and a better Carlisle are the things for which our faculty is striving. Their appreciation for us is shown by their everlasting desire to help us in any problem. Our appreciation to them, which they well deserve, can only be shown by our eagerness to work and work harder. All clubs, programs, and sporting events are based around the faculty. Without their help in these instances, social and scholastic life would undergo a severe defeat. We all realize the fact that some day, sooner than most of us expect, we will be on our own, to work and live in our own way, with no one to guide us. Then, and only then, will we be able to express our gratitude to the faculty for trying their best to teach us and show us.
