

JUNIOR BAND

For the first time in Carlisle's history the school has organized a junior band. This was brought about by Captain Padgett and several boys of the regular band who felt the need of experienced musicians to fill the vacated places of the boys who graduate or do not return the next year.

These boys are composed of members from the battalion who are interested in music. They have drilled and practiced on their own spare time and have worked very hard.

We feel that with the help of these boys the band and the school have something to look forward to in the coming years.

CAPT. W. R. PADGETT
Director
